

The **Five** Identification Clues

How to spot a European carp

1 Those Funny Little Whiskers!

Carp have two pairs of barbels around their mouth.

2 A Mouth Made for Mud!

A downwards-facing, protrusible mouth for sucking up food from the bottom.

3 A Deep, Powerful Body

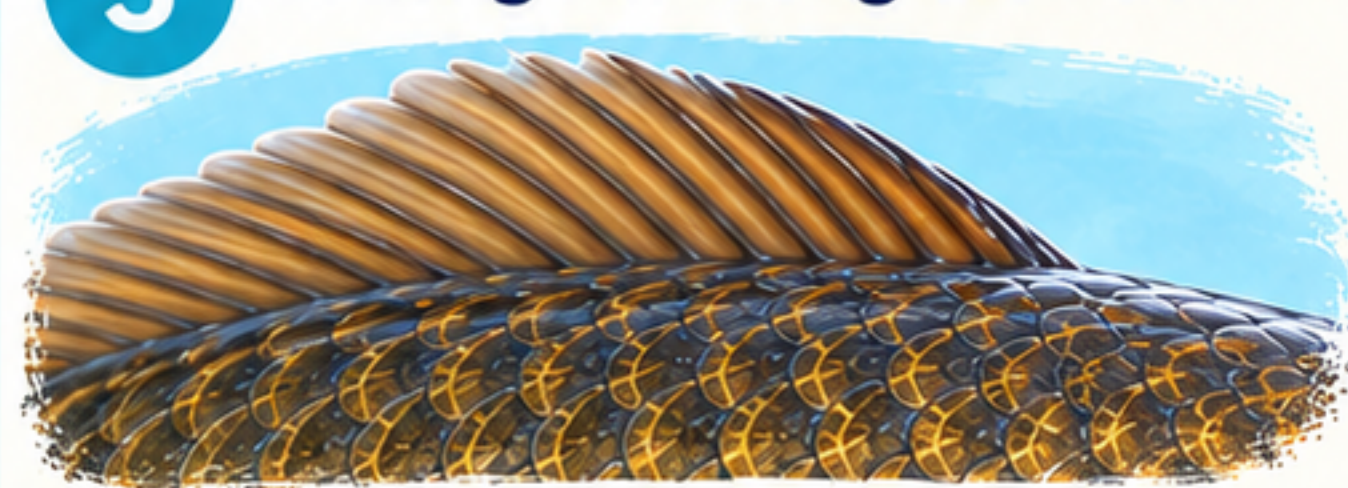

Carp have a deep, sturdy body built for power.

4 Scales, Scales and More Scales!

Large, rough-edged scales cover the whole body.

5 A Long Fin Along the Back

A long dorsal fin runs along much of the back.
